Product introduction

Common Slide wheel diameter 50 mm - 60 mm

50mm - 53mm: street action wheel/all-around wheel
54mm - 59mm: U pool/large angle props/street wheel

The width of common sliding plate wheel is 30mm - 65mm

Narrow wheel: it is more flexible when making movements and turning
Wide wheel: because the contact area with the ground becomes larger, the grip and stability will be better

78A-85A

Soft wheels - street wheel/fish wheel/long wheel.

85A-101A

Hard wheel action wheel/universal wheel/dual-purpose wheel.

100A-104A

very hard wheel street wheel/action wheel/Pro wheel.
